Machine Learning University

MLU

Certificate of Completion

is hereby granted to

Arjit Mathur

For completing the course

Getting Started with Amazon Bedrock and Prompt Engineering

September 22, 2024

aws

Machine Learning University

Machine Learning University is an internal Amazon program that democratizes access to machine learning and generative AI education. We empower employees to identify opportunities, collaborate effectively on AI projects, and accelerate model deployment to production.

Disclaimer: This certificate is issued to individuals after completion of a Machine Learning University course. This is not a legal document.
